

# Tower Corporation Kernville Camp Kernville

---

November 8, 2021

Dear Tenants

We understand electric vehicles are the wave of the future and it is our desire to change with the times. Being that our park was built in the 60's, some things are easier to retrofit than others. We have added an electric vehicle charging station to our project 'wishlist' in hopes we can accommodate in the future. In the meantime, we will be terminating any additional receptacles (besides main feed to unit) on tenant pedestals throughout the park. Should you have an electric vehicle or a guest with an electric vehicle, please utilize the charging station available at the USFS building on Kernville Rd.

Thank you,

Camp Kernville Management
